

June 19, 2013

To whom it may concern:

It is with great pleasure that I write this Letter of Recommendation for Perri Kruse. I have known Perri since my start date with Orange County Child Abuse Prevention Center in November 2012, where Perri had been interning for Fall Semester 2012. Perri's motivation for the field of work shows in her commitment to our clients and the level of professionalism that she displayed while interning and volunteering for our Monitored Visitation Program.

Perri assisted in our supervised visitation site with documenting interaction between noncustodial parents and their children. Perri provided exceptional, factual, unbiased documentation that would be used in our reports to inform assigned county social workers of the interactions our clients were having. Perri worked as part of a team with our supervised visitation staff to assure we provide a safe environment where families could interact. Perri kept our client's safety at the top of her priority. She redirected children that were engaging in unsafe behavior and would bring up any issues, such as parents being inappropriate during visitation, to our supervised visitation staff.

Perri's commitment for her chosen field of work shows in her desire to learn. She became an intern and volunteer that our staff could rely on. She took the initiative to take on additional tasks to enhance her learning and worked as part of our team. She managed to build rapport with our clients and staff with her positive attitude and professional approach to work.

I recommend Perri Kruse for the position for which she is applying. Perri's desire to grow professionally, her positive attitude, and commitment to our clients during her time here at the Prevention Center have demonstrated that this is the field of work she wants to embark upon. If you have any questions regarding Perri's qualification, I can be reached at (714) 543-4333 x515 or via email at Jcortez@brightfutures4kids.org.

Sincerely

Jorge Cortez
Program Supervisor,
Monitored Visitation and Transportation Services
