

To Whom It May Concern:

It is a great pleasure to write this letter of recommendation for Perri Kruse. The Child Abuse Prevention Center directly serves at-risk children and families in crisis to prevent and break the generational cycle of child abuse. Perri interned with the Monitored Visitation Program, which is a court ordered supervised and monitored visitation program for child in out of home placements.

Over the past ten months, Perri has demonstrated her ability to objectively take notes on interactions between the client (child) and visitor (parent). She has treated the visitors with respect and has maintained objectivity, which is not always easy to do with our cliental. She has assisted with the transportation of client's to and from the visits, audited client files, and done activities with the clients and visitors. Perri's personal style of openness and warmth creates positive working relationships with these children. Perri has provided us with valuable suggestions for family visits, in addition to being adaptable to any situation.

I have observed Perri to be both conscientious and capable of making sound decisions for our clients. Additionally, she has been positive and supportive of other staff members. She has been pleasure to work with as well as a professional asset to our agency.

Sincerely,
